

COSTA SMERALDA

*the sea has found
its "Bel Paese".*

Costa Smeralda is the symbol of beauty, style and Italian hospitality. Its spaces take inspiration from the squares of the "Bel Paese" of Italy: as you walk down the wide staircase of the stern, it will feel like you are strolling through Piazza di Spagna, browsing through shops, bars and restaurants glimpsing the liveliness of magical places like those of Trastevere, with the privilege of a unique perspective: that of the sea. An unforgettable experience to share with the people you love. And, with added value: experience a cruise at the forefront of environmental protection, thanks to an LNG combustion system, the cleanest in the world.

Everything around you speaks of laughter, games and activities for the whole family. Entertainment has been refreshed, offering new spaces and new moments that accentuate the desire to be together.

HIGHLIGHTS

THE SHIP

The best expression of "Italy's Finest": quality, style, warm hospitality, entertainment and gastronomy. A unique perspective from the sea.

TECHNOLOGY

Interactivity, advanced applications and systems are designed to offer a digital experience aimed at the future. Costa Smeralda is a totally innovative ship, even in terms of technology.

CODE MUSEUM

Costa Smeralda is the first ship having a Museum onboard. This is the first cultural space of its kind on board a cruise ship, created to capture the spirit of Italian taste through a selection of objects and furnishings, artifacts, documentation and fashion, connected with the history of Made in Italy.

GASTRONOMY

The square is traditionally a meeting place, where you can have a coffee or taste delicious specialties. In addition to restaurants, many occasions and different culinary events become a true feast for all tastes and all ages.

Restaurant overview

Cooking School Restaurant

The Lab Restaurant stands out among the novelties of Costa Smeralda: a new format where guests can test their cooking skills under the guidance of the Chefs.

Location: Deck 8

Seats 50

Category:

Not included (for a fee)

Reservation required

Features and experience

The experience can be shared with family, friends and partners.

Different classes take place according to different seasons and locations: from family activities, in which parents and children prepare a

menu together, to the mystery box experience in which guests find unexpected ingredients to be used for the preparation of delicious dishes.

This restaurant was born to promote the concept of sustainability.

TEPPANYAKI

Oriental cuisine experience

The Teppanyaki is furnished in perfect oriental style.

Time spent in this restaurant makes for an exciting experience: seatings are arranged around the stations where the Chefs cook directly in front of the guests.

Their mastery of preparing food by hand, using very sharp knives is simply stunning.
